

REVIEW

Educational and Professional Program 'Physical Culture' Second
(Master's) Level of Higher Education Specialty 014.11 Secondary Education
(Physical Culture) Yuriy Fedkovych Chernivtsi National University

The structure of the educational and professional program for training masters in the Specialty "Secondary Education (Physical Culture)" at Yuriy Fedkovych Chernivtsi National University involves the process of preparing globally competent professionals in the field of 01 Education/Pedagogy, who can effectively solve complex specialized tasks and practical problems in the field of physical culture. The analysis of the competencies and program learning outcomes of the educational and professional program (EPP) concludes that the program takes into account all modern dynamic processes aimed at integrating the educational process into the European Higher Education Area.

The structure and content of the EPP 'Physical Culture' ensure clarity and effectiveness of graduates' acquiring the skills necessary to organize competency-oriented learning in educational institutions. The educational components proposed in the program are carefully selected and logically integrated. The occupational competencies and program learning outcomes defined in the EPP are based on general competencies and soft skills, and importantly, the successful completion of practical training, particularly pre-diploma internships. It is noted that the program emphasizes on the blend of students' motivation and abilities to acquire the knowledge, skills, and abilities necessary for working with individuals with special educational needs.

Summary: The educational and professional program "Physical Culture" contains all the necessary structural elements, reflects the modern requirements for training specialists in the subject Specialty 014.11 Secondary Education (Physical Culture), and is aimed at ensuring high-quality training of masters. It deserves to be implemented in the educational process.
